

Medical Screening and Safety Protocols: Personal Protective Equipment (PPE)

- Perkins will require all members of the community to wear a mask or face covering while on campus.
- Families are asked to provide masks for students though Perkins will have disposable masks available. It is understood that some students will not be able to wear a mask.
- We will provide links to resources to parents to help their students become familiar with the new protocols and safety measures at school.
- Perkins will provide staff with all necessary PPE. Some roles and tasks require additional PPE as outlined on the next slide.
- Perkins is providing staff with the training necessary to ensure that they properly put on (don), take off (doff), and dispose of PPE.
